COLLEGE CONNECTIONS
PARENT/GUARDIAN PERMISSION

STUDENT NAME: _____

HIGH SCHOOL: _____

PARENT/GUARDIAN:

I attest that I:

- have read the College Connections Student Guide *(view the College Connections Student Guide and Program Handbook online at www.sunyjcc.edu/CCstudents.)*

- understand that my child is registering in one or more college courses at Jamestown Community College and will generate an official JCC college transcript;

- understand that if my child wishes to no longer take a course they are enrolled in, they must follow the College Connections withdrawal process to be formally removed from the course at JCC, as outlined in the College Connections Student Guide. Students who no longer attend class, quit school, or move out of the district also need to officially withdraw from their College Connections classes through JCC.

  The student must initiate a request with either the course instructor or guidance office prior to the withdrawal deadline posted at www.sunyjcc.edu/CCdates. Students who wish to withdraw after the deadline must withdraw from all JCC courses they are currently enrolled in for that specific term, including any on-campus or online courses. Students who withdraw will receive a "W" grade on their transcript. Withdrawing from a course may affect a student's future Satisfactory Academic Progress at JCC. **Failure to properly withdraw from a course will result in the grade you earned in the course being recorded on your official JCC transcript.**
